HAIR AND BEAUTY

I trained within The Rainbow Room International salon in Glasgow and have 24 years experience within the industry, where I have been awarded numerous hairdressing awards.

For the last 10 years I have ran my own mobile business and began to expand into beauty treatments around 5 years ago.

I now have a home salon within the lowlands estate in Baillieston, where all of my beauty treatments and full hairdressing service are carried out for those wishing to experience a relaxing salon experience. Alternatively, I offer my mobile hairdressing services for those who find this a convenient and flexible service.

Shrinking Violet

SHRINKING VIOLET BODY WRAP

£40

1 hour 45 minutes

This revolutionary body wrap will break down the fat cells making you lose FAT, not excess fluid.

It's ideal if you want to lose some inches. Best results will require a course of 6 treatments or if you need to look slimmer for a party/wedding etc. you can have one or two before that special occasion, treatment cost is £40 and takes around 1 hour and 45 minutes. Shrinking Violet Body Wrap is a painless, effortless process that can successfully remove fat in problem areas such as thighs, buttocks and abdomen.

The fat is broken down and easily excreted from the body. The treatment also smooths and firms the skin making it look and feel fabulous.

It's so powerful a 60 minute treatment can shrink waistlines by up to 2 inches. The amount of fat reduction varies depending on your build and metabolism, but many people may be reduced by a whole dress size. Immediate results can be seen but the maximum effect will be seen 72 hours later.

The excess fat is transported from your tissue to your lymph glands then excreted so for a few days you will notice an increase in urination.

Shrinking Violet is an excellent jump start to a new and slimmer you, for the fat to come back new cells have to form which would happen if you continued to eat excessive calories, best results are by combining with healthy eating and exercise and following pre-care/after-care advice.

TREATMENTS

Prior to your treatment you will be required to follow some pre-treatment advice, i.e. no caffeine or alcohol for a few days so the treatment works efficiently, drinking plenty of water and eating light meals. So for some people a midweek appointment is better due to not being able to consume alcohol.

The treatment will take place within my home salon in a candlelit / scented room where you can unwind on a warm bed listening to relaxing music.

Combine with other treatments for a totally relaxing experience (see Packages).

Treatments can be done as often as once a week or just for a special occasion but for those wanting to lose more than a few inches then a course of 6 is the most effective.

Book a course of 6 weekly treatments and only pay for 5!

Prior to a treatment you will receive a phone consultation as there are some medical conditions that may influence whether you will be suitable for the treatment.
